Addendum to the Prospectus

The Prospectus is hereby supplemented as follows with immediate effect:

1. Liquidity Management

- (i) Under the section headed “RISK FACTORS”, the risk factor headed “(t) Liquidity Risk” on page 25 of the Prospectus shall be deleted in its entirety and replaced with the following:

“(t) Liquidity risk

Liquidity risk exists when particular investments are difficult to purchase or sell. Investments made by the Sub-Fund may become illiquid or less liquid in response

to market developments or adverse investor perceptions. Investments in foreign securities, derivatives or securities with substantial market and/or credit risk tend to have the greatest exposure to liquidity risk. Illiquid securities may be highly volatile and more difficult to value and be disposed at their face values. Some of the markets in which the Sub-Fund invests may be less liquid and more volatile than the world's leading stock markets and this may result in the fluctuation in the price of securities traded on such markets. Certain securities may also be illiquid due to limited trading markets or contractual restrictions on their resale. The Sub-Fund is exposed to the risk that a particular investment or position cannot be unwound or offset easily.

If sizeable redemption requests are received, the Sub-Fund may need to liquidate its investments at a substantial discount in order to satisfy such requests and the Sub-Fund may suffer losses in trading such investments. As a result, this may have adverse impact on the Sub-Fund and its investors.”

- (ii) Under the sub-section headed “Liquidity Risk Management” under the section headed “CREATION AND REDEMPTION OF UNITS” on page 44 of the Prospectus, the second and third paragraphs shall be deleted in its entirety and replaced with the following paragraphs:

“The Manager has established a liquidity risk management policy which enables it to identify, monitor and manage the liquidity risks of the Sub-Fund and to ensure that the liquidity profile of the investments of the Sub-Fund will facilitate compliance with its obligation to meeting redemption requests. Such policy, combined with the liquidity risk management tools employed by the Fund, also seeks to achieve fair treatment of Unitholders and safeguard the interests of remaining Unitholders in case of sizeable redemptions.

The Manager's liquidity management policy takes into account the investment strategy, liquidity profile, and redemption policy for the Sub-Fund. These measures seek to ensure fair treatment and transparency for all investors.

The liquidity management policy involves monitoring the profile of investments held by the Sub-Fund on an on-going basis to ensure that such investments are appropriate to the redemption policy as stated under the sub-section headed “Redemption of Units” on pages 40-42, and will facilitate compliance with the Sub-Fund's obligation to meet redemption requests. Further, the liquidity management policy includes details on periodic stress testing carried out by the Manager to manage the liquidity risk of the Sub-Fund under normal and exceptional market conditions.”

2. Custody Risk

Under the section headed “RISK FACTORS”, the following risk factor shall be added immediately after the risk factor headed “(cc) Risk in relation to distribution” on pages 30-31 of the Prospectus:

“(dd) Custody risk

Custodians or sub-custodians may be appointed in local markets for purpose of safekeeping assets in those markets. Where the Sub-Fund invests in markets where custodial and/or settlement systems are not fully developed, the assets of the Sub-Fund may be exposed to custodial risk. In case of liquidation, bankruptcy or insolvency of a custodian or sub-custodian, the Sub-Fund may take a longer time to recover its assets. In extreme circumstances such as the retroactive application of legislation and fraud or improper registration of title, the Sub-Fund may even be unable to recover all of its assets. The costs borne by the Sub-Fund in investing and holding investments in such markets will be generally higher than in organised securities markets.”

3. Level of Leverage

Under the section headed “INVESTMENT AND BORROWING RESTRICTIONS”, the following new sub-section shall be added immediately after the sub-section headed “Borrowing Restrictions” on page 34 of the Prospectus:

“Level of Leverage

The expected maximum level of leverage of the Sub-Fund is as follows:

The Manager is subject to the borrowing restrictions in respect of the Sub-Fund under the sub-section headed “Borrowing Restrictions” above.

The Manager will not invest in financial derivative instruments for the Sub-Fund for non-hedging purposes. Accordingly, the Sub-Fund is not expected to incur any leverage from the use of financial derivative instruments.”

4. Management and Administration of the Sub-Fund

Under the section headed “MANAGEMENT AND ADMINISTRATION”, the first and second paragraphs of the sub-section headed “Manager and Listing Agent” on page 35 of the Prospectus shall be deleted in their entirety and replaced with the following paragraphs:

“BOCI-Prudential Asset Management Limited is the Manager and the listing agent of the Sub-Fund. The Manager is a joint venture between BOCI Asset Management Limited and Prudential Corporation Holdings Limited. BOCI Asset Management Limited is a wholly owned subsidiary of BOC International Holdings Limited which in turn is a wholly owned subsidiary of Bank of China Limited.
