

Important Information

- You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in your selection of Constituent Funds, you are in doubt as to whether a certain Constituent Fund is suitable for you (including whether it is consistent with your investment objectives), you should seek financial and/or professional advice and choose the Constituent Fund(s) most suitable for you taking into account your circumstances.
- You should consider your own risk tolerance level and financial circumstances before investing in the MPF Default Investment Strategy (as defined in section 6.7 *MPF Default Investment Strategy* in the MPF Scheme Brochure of BOC-Prudential Easy-Choice Mandatory Provident Fund Scheme (the "Scheme")). You should note that the BOC-Prudential Core Accumulation Fund and the BOC-Prudential Age 65 Plus Fund may not be suitable for you, and there may be a risk mismatch between the BOC-Prudential Core Accumulation Fund and the BOC-Prudential Age 65 Plus Fund and your risk profile (the resulting portfolio risk may be greater than your risk preference). You should seek financial and/or professional advice if you are in doubt as to whether the MPF Default Investment Strategy is suitable for you, and make the investment decision most suitable for you taking into account your circumstances.
- You should note that the implementation of the MPF Default Investment Strategy may have an impact on your MPF investments and accrued benefits. We recommend that you consult with the Trustee if you have doubts on how you are being affected.
- Fees and charges of a MPF conservative fund can be deducted from either (i) the assets of the fund or (ii) members' account by way of unit deduction. The BOC-Prudential MPF Conservative Fund uses method (i) and, therefore, unit prices/NAV/fund performance quoted have incorporated the impact of fees and charges.
- You should not solely rely on the stand-alone marketing material to make any investment decision. Please refer to the MPF Scheme Brochure of the Scheme for further details (including risk factors, fees and charges, and fund information).
- Investment involves risks. Prices of units of the Constituent Funds may go down as well as up. The past performance information is not indicative of future performance.

* Terms and Conditions for Special Arrangement on Management Fees for TVC Members

[#] Promotional Period: **From 1 April 2025 to 31 March 2026** (both dates inclusive), based on the date of contribution well received by BOCI-Prudential Trustee Limited.

The rate of rebate is the difference between current standard management fees and effective management fees (after deduction of applicable rebate) and will be reimbursed to the eligible TVC members' account in the form of unit rebate. Under normal circumstances, the rebate will be credited into the eligible TVC account in the form of unit allotment within 2 months after the end of each financial year ("rebate credit date"). The rebate will be calculated based on a) the average net asset value of the units of the corresponding Constituent Fund held by a TVC member in the TVC account ("Average NAV") and b) the applicable rate of rebate. The "Average NAV" is determined by the average of daily net asset value of all dealing days in the relevant financial year of the Scheme for the corresponding TVC account. A TVC member will be entitled to such rebate for the corresponding TVC account if no asset transfer-out or withdrawal request in respect of the relevant TVC account has been made during the period from the first day of the promotional period to the rebate credit date. For details, please call the hotline at 2280 8686.

The amount of rebate does not represent the return or the performance of the Constituent Funds. In the event of any dispute relating to the rebate, the decision of BOCI-Prudential Asset Management Limited shall be final and conclusive.

⁴ The management fees - in total shown in the above table include management fees chargeable by the Constituent Fund and its underlying fund(s) only. There may be other fees and charges chargeable to the Constituent Fund and its underlying fund(s) or to you. For details, please refer to section 5 "Fees and Charges" of the MPF Scheme Brochure of the Scheme.

⁵ If the regular withdrawal option is elected by an Eligible Retired Member (as referred to in section 6.11 (Regular withdrawal option upon reaching retirement stage) of the MPF Scheme Brochure of the Scheme) who has invested in the BOC-Prudential Hong Kong Stable Retirement Fund, the Eligible Retired Member will enjoy a monthly "unit rebate". The amount of such rebate is 0.4% per annum of the member's holding in the BOC-Prudential Hong Kong Stable Retirement Fund. The Investment Manager reserves the right to change the applicable rate of the rebate by giving members not less than one month's notice (or such other notice period as required by the MPFA and the SFC). For the avoidance of doubt, if no regular withdrawal option is elected by the Eligible Retired Member or no investment is made in the BOC-Prudential Hong Kong Stable Retirement Fund, no unit rebate will be paid to the member under section 5.4 (Unit rebate for investment in the BOC-Prudential Hong Kong Stable Retirement Fund upon reaching retirement stage) of the MPF Scheme Brochure of the Scheme.

⁶ For details of DIS, please refer to section 6.7 "MPF Default Investment Strategy" of the MPF Scheme Brochure of the Scheme. For key risks relating to DIS, please refer to part (V) of section 4.1 "Risk Factors" of the MPF Scheme Brochure of the Scheme.

⁷ The BOC-Prudential MPF RMB & HKD Money Market Fund is subject to currency risk, and there is no guarantee that the RMB will not depreciate or RMB will not be subject to devaluation. This Constituent Fund is also subject to certain other specific risks relating to investment in RMB denominated and settled debt instruments, including but not limited to the "Dim Sum" bond (i.e. bonds issued outside Mainland China but denominated in RMB) market risks, credit/insolvency risk of counterparties, liquidity and volatility risk for RMB debt securities investment, interest rate risk for RMB debt securities investment, and risks associated with the Bond Connect and the China interbank bond market. Please refer to part (IV) of section 4.1 "Risk Factors" of the MPF Scheme Brochure of the Scheme for details.

⁸ Investments in the BOC-Prudential MPF RMB & HKD Money Market Fund and BOC-Prudential MPF Conservative Fund are not the same as placing funds on deposit with a bank or deposit-taking company and that there is no obligation to redeem the investment at the subscription value and that these Constituent Funds are not subject to the supervision of the Hong Kong Monetary Authority.

** Terms and Conditions of One-off Extra Reward Unit Rebate

^{**} Promotional Period: **From 1 April 2025 to 31 March 2026** (both dates inclusive), subject to the receipt of relevant duly completed form(s) (if applicable) and required information by the eMPF Platform/the trustee of the Scheme, BOCI-Prudential Trustee Limited.

⁹ Subject to the receipt of the transfer-in amount by the trustee of the Scheme.

Under normal circumstances, the One-off Extra Reward Unit Rebate will be credited into the eligible account within two (2) months after the end of the Transfer Period in the form of unit allotment according to the constituent fund allocation and the corresponding fund price(s) on the day when the Extra One-off Reward Unit Rebate is credited (the "Credit Day"). Members will be entitled to the One-off Extra Reward Unit Rebate provided that no asset transfer-out or withdrawal request in respect of the relevant TVC account has been made during the period from the first day of the Promotional Period to the Credit Day. For details, please call the hotline at 2280 8686.

Unless otherwise specified, the One-off Extra Reward Unit Rebate cannot be enjoyed in conjunction with any other promotional offers.

In the event of any dispute relating to the One-off Extra Reward Unit Rebate, the decision of BOCI-Prudential Asset Management Limited shall be final and conclusive.

Illustrative Example:

Mr. Chan successfully transferred-in TVC amount from other MPF schemes into the Scheme on 1 August 2025 and 30 January 2026 respectively.

2025 AUG 1	TVC Transferred-in (HK\$) \$25,000
2026 Jan 30	TVC Transferred-in (HK\$) \$15,000

Aggregate amount of TVC transferred-in during the Transfer Period (HK\$)
\$40,000

(One-off Extra Reward Unit Rebate equivalent to HK\$200 will be credited into Mr. Chan's TVC account in the form of unit allotment according to the constituent fund allocation of Mr. Chan's TVC account and the corresponding fund price(s) on the Credit Day.)

(Assuming no asset transfer-out or withdrawal request has been made during the period from the first day of the Promotional Period to the Credit Day)

Investment involves risks and the account balance of TVC (as tax incentivized retirement savings) may go up as well as down.
