Important Information

- You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in your selection of Constituent Funds, you are in doubt as to whether a certain Constituent Fund is suitable for you (including whether it is consistent with your investment objectives), you should seek financial and/or professional advice and choose the Constituent Fund(s) most suitable for you taking into account your circumstances.
- You should consider your own risk tolerance level and financial circumstances before investing in the MPF Default Investment Strategy (as defined in section 6.7 *MPF Default Investment Strategy* in the MPF Scheme Brochure of BOC-Prudential Easy-Choice Mandatory Provident Fund Scheme (the "Scheme")). You should note that the BOC-Prudential Core Accumulation Fund and the BOC-Prudential Age 65 Plus Fund may not be suitable for you, and there may be a risk mismatch between the BOC-Prudential Core Accumulation Fund and the BOC-Prudential Age 65 Plus Fund and your risk profile (the resulting portfolio risk may be greater than your risk preference). You should seek financial and/or professional advice if you are in doubt as to whether the MPF Default Investment Strategy is suitable for you, and make the investment decision most suitable for you taking into account your circumstances.
- You should note that the implementation of the MPF Default Investment Strategy may have an impact on your MPF investments and accrued benefits. We recommend that you consult with the Trustee if you have doubts on how you are being affected.
- Fees and charges of a MPF conservative fund can be deducted from either (i) the assets of the fund or (ii) members' account by way of unit deduction. The BOC-Prudential MPF Conservative Fund uses method (i) and, therefore, unit prices/NAV/fund performance quoted have incorporated the impact of fees and charges.
- You should not solely rely on the stand-alone marketing material to make any investment decision. Please refer to the MPF Scheme Brochure of the Scheme for further details (including risk factors, fees and charges, and fund information).
- Investment involves risks. Prices of units of the Constituent Funds may go down as well as up. The past performance information is not indicative of future performance.

Company Background of the Investment Manager and Trustee/Custodian

BOCI-Prudential Asset Management Limited and BOCI-Prudential Trustee Limited are the two joint ventures established by the subsidiaries of Bank of China Limited (formerly known as Bank of China) and Prudential plc in 1999.

BOCI-Prudential Asset Management Limited is an asset management company founded in Hong Kong, China, offering a broad spectrum of investment products ranging from MPF, retirement schemes, retail unit trusts, to exchange traded funds. BOCI-Prudential Asset Management Limited also offers tailor-made investment strategies in managing private mandates for individual and institutional clients.

BOCI-Prudential Trustee Limited primarily offers trust and fund administration services for MPF and retirement schemes, and is actively developing trustee and custodian services of unit trust funds.

Leveraging on the background of BOCI and Prudential, together with a dedicated team of investment and fund administration professionals, BOCI-Prudential endeavors to provide quality and diversified services in order to offer you a simple, relaxing and convenient MPF solution.

Highlight of Key Features

Integrated MPF Services

BOCI-Prudential Asset Management Limited and BOCI-Prudential Trustee Limited provide you with an integrated MPF service solution, which includes investment management, trustee, custody and fund administration in order to meet different needs of employers and members.

One of the top 5 MPF investment managers¹

In terms of assets under management on MPF, **BOCI-Prudential Asset Management Limited** is one of the top five MPF investment managers in Hong Kong, China.

The Scheme is one of the Master Trust Schemes engaged by the Government for the provision of MPF services to its eligible employees

The current management fees² of 7 out of 17 constituent funds under the Scheme is lower than 1%

Diversified investment choices featuring both active and passive management within the Scheme

The Scheme provides 17 diversified constituent funds (plus the "MPF Default Investment Strategy", a total of 18 investment choices) consisting of both actively managed and passively managed constituent funds with extensive coverage within the Scheme to meet the needs of members with different objectives, investment experience and risk appetite.

Unlimited number of times on changing investment instruction free of charges³

Members can change the investment choice of existing account balance and/or future contributions (Investment instruction for each type of contributions must be an integer with a minimum of 5% per selected investment choice, and the total percentage must be equal to 100%).

Complementary support services attentive to needs

- Free online or in-person seminars for employers and members could be arranged
- Could provide support services such as provision of assistance and guidance on the use of eMPF Web Portal⁴, eMPF Mobile App⁴ and human resources systems and giving on-site explanation on how to arrange various types of MPF contributions and daily administrative documents, the auto-pay payroll files and the regular reports to be submitted to the Inland Revenue Department (e.g. IR56B) (applicable to designated systems and customers)
- Designated team could meet specific needs of different customers

Exclusive Services and Privileges of the "Integrated Banking Services" of the Banks⁵

The MPF account balance can be included in the "Total Relationship Balance" of the bank accounts maintained with Bank of China (Hong Kong), Nanyang Commercial Bank or Chiyu Banking Corporation, and if such balance amount reaches the designated category, you may enjoy the respective exclusive services, benefits and privileges under the relevant bank account status (where available).

¹ Source: Mercer (Hong Kong) Limited. The rank is determined in accordance with the investment managers' market share of the total MPF assets as shown in the Mercer MPF Market Shares Report (as of 30 June 2025).

² Current management fees include management fees chargeable by the corresponding constituent funds and their underlying fund(s) only. There may be other fees and charges chargeable to the corresponding constituent funds and their underlying fund(s) or to you. For details, please refer to Section 5 "Fees and Charges" of the MPF Scheme Brochure of the Scheme.

³ Please refer to section 6.6 "Investment mandate/switching instruction" of the MPF Scheme Brochure of the Scheme for further details. Regarding risk involved in fund switching – members should note that the performance of the investment markets could fluctuate significantly. Fund prices may go down as well as up. There is no guarantee that, given the time required to implement fund switching instructions, such instructions will achieve members' desired results. Members should consider carefully their own risk tolerance level and financial circumstances (as well as their own retirement plan) before making any investment choices. If in doubt, members should contact their independent financial advisor for further advice.

⁴ The eMPF Platform and its Web Portal and Mobile App are built and operated/provided by the eMPF Platform Company Limited, a wholly owned subsidiary of the Mandatory Provident Fund Schemes Authority ("MPFA").

⁵ The exclusive services and privileges are provided by the relevant banks, independent of BOCI-Prudential Asset Management Limited. Please visit the website of the relevant banks for the details of latest privileges and relevant terms and conditions.

Please refer to the “Risks” of each Constituent Fund under section 3.4.1 “Investment Policies of the Constituent Funds” and section 4.1 “Risk Factors” of the MPF Scheme Brochure of the Scheme for details about the risks associated with the Constituent Funds. For details of DIS, please refer to section 6.7 “MPF Default Investment Strategy” of the MPF Scheme Brochure of the Scheme.

⁶ “Umbrella Unit Trust” means the BOC-Prudential Unit Trust Fund, which is an umbrella unit trust. “ITCIS” means index-tracking collective investment scheme defined in section 1(1) of Schedule 1 to the Mandatory Provident Fund Schemes (General) Regulation (Cap. 485A) and approved by the MPFA for the purposes of section 6A of Schedule 1 of the regulation.

⁷ The risk level of each Constituent Fund is categorized into low, low to medium, medium, medium to high and high. The risk levels are determined by the Investment Manager based on the investment mix of each Constituent Fund and/or its underlying investments, and represent only the views of the Investment Manager. The risk levels are for reference only and will be reviewed and (if appropriate) updated at least annually taking into account the prevailing market circumstances.

⁸ The management fees shown in this table include management fees chargeable by the fund and its underlying fund(s) only. There may be other fees and charges chargeable to the fund and its underlying fund(s) or to you. For details, please refer to section 5 “Fees and Charges” of the MPF Scheme Brochure of the Scheme.

⁹ If the regular withdrawal option is elected by an Eligible Retired Member (as referred to in section 6.11 (Regular withdrawal option upon reaching retirement stage) of the MPF Scheme Brochure of the Scheme) who has invested in the BOC-Prudential Hong Kong Stable Retirement Fund, the Eligible Retired Member will enjoy a monthly “unit rebate”. The amount of such rebate is 0.4% per annum of the member’s holding in the BOC-Prudential Hong Kong Stable Retirement Fund. The Investment Manager reserves the right to change the applicable rate of the rebate by giving members not less than one month’s notice (or such other notice period as required by the MPFA and the SFC). For the avoidance of doubt, if no regular withdrawal option is elected by the Eligible Retired Member or no investment is made in the BOC-Prudential Hong Kong Stable Retirement Fund, no unit rebate will be paid to the member under section 5.4 (Unit rebate for investment in the BOC-Prudential Hong Kong Stable Retirement Fund upon reaching retirement stage) of the MPF Scheme Brochure of the Scheme.

On-going Costs Illustrations and an Illustrative Example for BOC-Prudential MPF Conservative Fund are available for distribution together with the MPF Scheme Brochure of the Scheme. These documents demonstrate the effect of fees and charges on contributions to the Constituent Funds available under the Scheme. Before making any investment decisions concerning MPF investments, members should refer to the latest version of these documents which can be obtained from our website www.boci-pru.com.hk or via our Easy-Choice MPF Application and Fund Hotline 2280 8686.

Total Retirement Solution for Post-Retirement

To facilitate the life planning of members approaching retirement, BOCI-Prudential Asset Management has established a special "Total Retirement Solution for Post-Retirement", with an aim to fulfill members' needs before and after retirement.

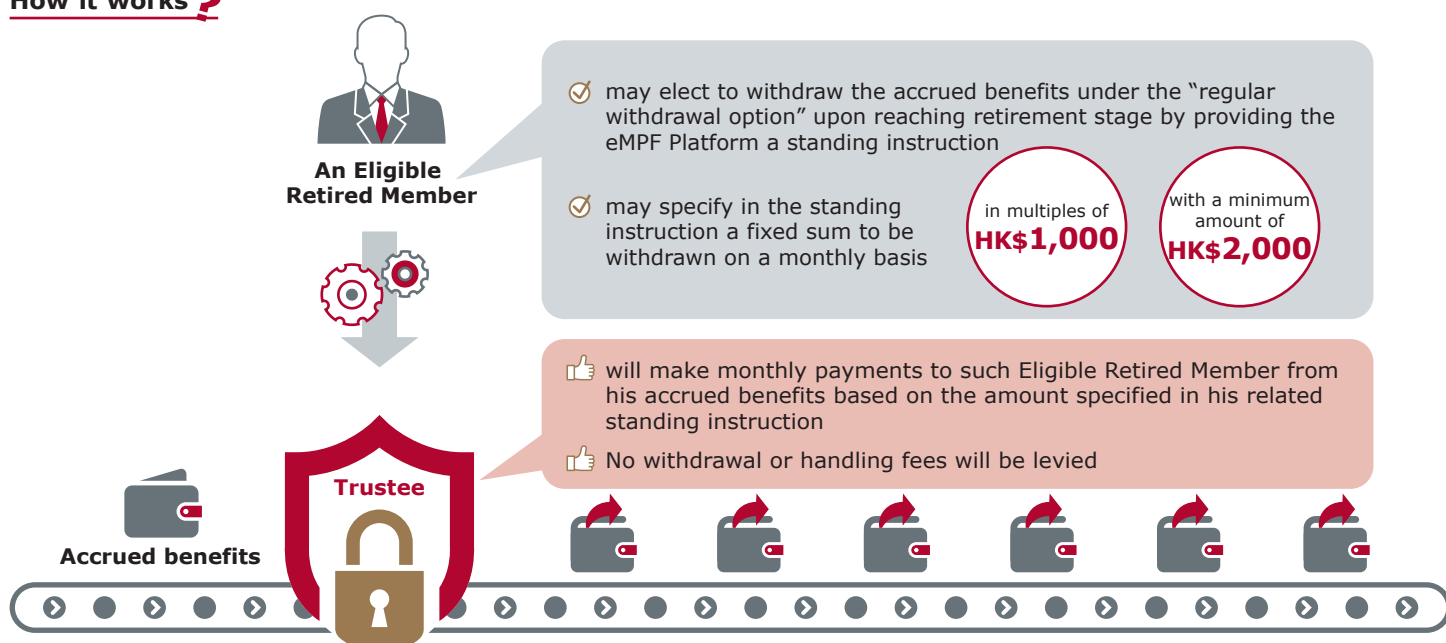

"Regular Withdrawal Option"¹⁰ for Eligible Retired Members¹¹

How it may help members?

A regular withdrawal option through a standing instruction to the eMPF Platform will be available to Eligible Retired Members regardless of the constituent fund(s) they have invested. Through this option, Eligible Retired Members will be able to withdraw their accrued benefits through the standing instruction after retirement and receive a stable stream of payments.

How it works?

Investment Choice

The BOC-Prudential Hong Kong Stable Retirement Fund¹²

To address the demand for a lower investment risk from members approaching retirement and retired members, BOCI-Prudential Asset Management provides a corresponding constituent fund - BOC-Prudential Hong Kong Stable Retirement Fund (the "CF"). The CF will invest a relatively large portion¹³ of its assets in Hong Kong dollar denominated bonds or fixed income instruments to seek to lower the volatility of the portfolio; while a relatively small portion¹⁴ will be invested in global stock markets, seeking to enhance long term returns. Regarding the investment focus, risk level, and the management fees of the CF, please refer to the "Fund Choices" section on page 3 of this leaflet for relevant details.

Fund Highlight

Address members' retirement needs during the decumulation phase

Meet certain retiree members' desire to invest in home market

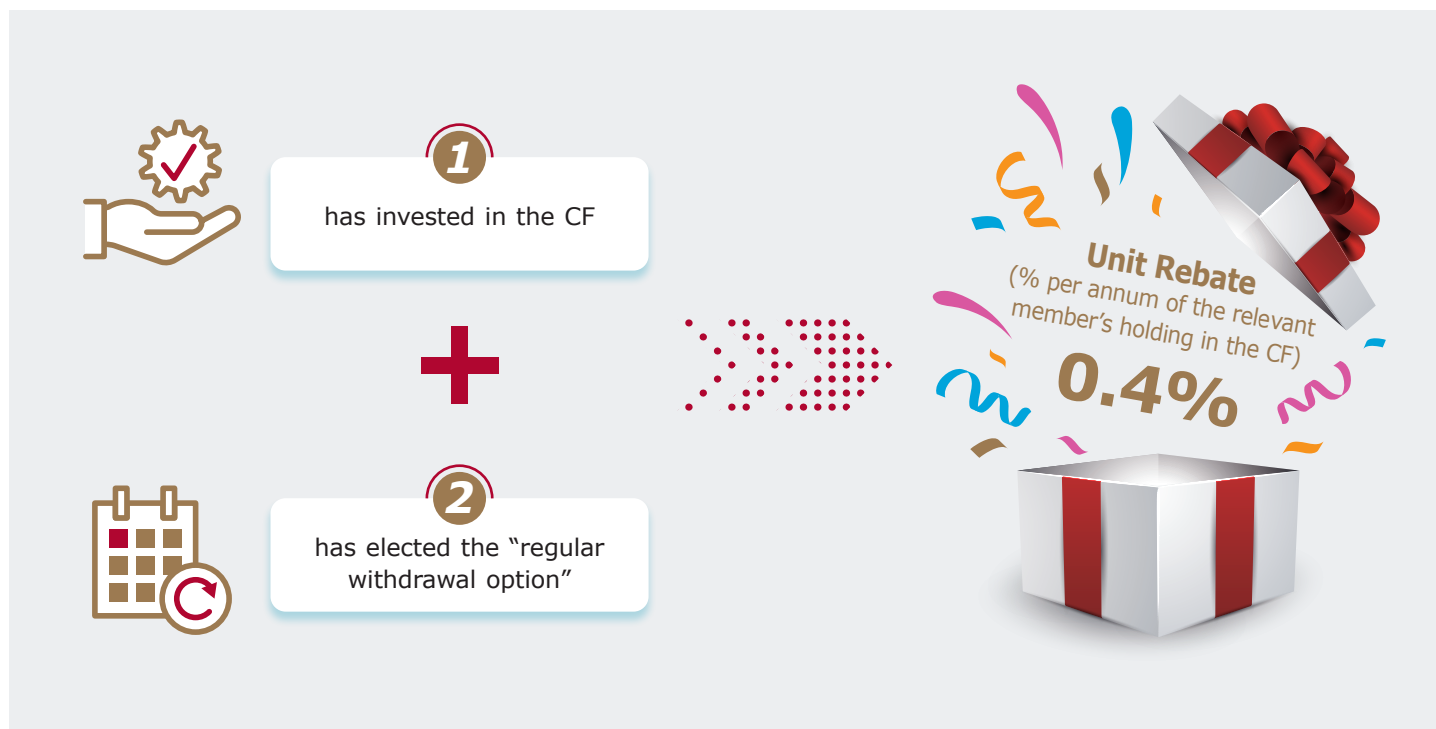

Accommodate the needs of certain members who prefer to receive a relatively stable stream of income upon their retirement and to seek to lower the volatility of the portfolio

Monthly Unit Rebate¹⁵

Who could enjoy monthly unit rebate?

An Eligible Retired Member, who satisfies **BOTH of the following two conditions**

¹⁰ Please refer to section 6.11 "Regular withdrawal option upon reaching retirement stage" and section 6.13 "Payment of accrued benefits" of the MPF Scheme Brochure of the Scheme for details.

¹¹ An Eligible Retired Member is a member who satisfies either of the two circumstances (as listed below) for withdrawal of accrued benefits under section 6.10 "Withdrawal of accrued benefits" of the MPF Scheme Brochure of the Scheme, and thus is eligible for the regular withdrawal option:

- he attains the normal retirement age of 65; or
- he attains the early retirement age of 60 and certifies to the Trustee by statutory declaration that he has permanently ceased his employment or self-employment with no intention of becoming employed or self-employed again.

¹² Please refer to section 3.4.1 "Investment policies of the Constituent Funds" of the MPF Scheme Brochure of the Scheme for further details of the CF's investment policies.

There is no assurance that the CF will meet your retirement needs. Under certain market circumstances, the CF may not be able to deliver stable return and the strategy to achieve lower level of volatility may not be effective. Investors should note that lower volatility does not necessarily mean lower risk. For risks associated with the CF, please refer to the "Risks" of BOC-Prudential Hong Kong Stable Retirement Fund under section 3.4.1 "Investment policies of the Constituent Funds" and section 4.1 "Risk Factors" of the MPF Scheme Brochure of the Scheme.

¹³ Through the CF's sole investment in an underlying sub-fund, namely, BOC-Prudential Hong Kong Stable Retirement Fund (the "Underlying Retirement Fund") of the Umbrella Unit Trust (namely, BOC-Prudential Unit Trust Fund, which is an umbrella unit trust).

¹⁴ Through the CF's investment in the Underlying Retirement Fund.

¹⁵ The unit rebate will be calculated and paid monthly from the Management fees, and will be credited into the members' account in the form of allotment of new units of the CF. Such allotment will be made after the number of units to be rebated is ascertained at the end of the relevant period. The Investment Manager reserves the right to change the applicable rate of the rebate by giving members not less than one month's notice (or such other notice period as required by the MPFA and the SFC). Please refer to section 5.4 "Unit rebate for investment in the BOC-Prudential Hong Kong Stable Retirement Fund upon reaching retirement stage" and section 6.11 "Regular withdrawal option upon reaching retirement stage" of the MPF Scheme Brochure of the Scheme for details. If no regular withdrawal option is elected by the Eligible Retired Member or no investment is made in the CF, no unit rebate will be paid to the member under section 5.4 of the MPF Scheme Brochure of the Scheme.
